

## Reflecting on Your Current IPEDS Reporting Process

Before our session, it will be helpful for you to consider the dynamics of the current IPEDS reporting process at your institution. Identifying gaps and pain points in the process will help you strategically address these challenges with the approaches we discuss in our session.

### Map Out Your IPEDS Process

- 1 What are the steps in your current IPEDS Reporting Process?

## Identify Challenges

2 Which parts of the process are most challenging or time-consuming for you?

☐ Gathering data from various offices on campus

☐ Calculating accurate totals

☐ Blending/reconciling disparate sources for IPEDS report items

☐ Formatting data

☐ Submitting data

Something else not listed in this word bank?

## Consider Your Current Role

3 How would you describe your current involvement in the IPEDS reporting process?

Data contributor

Coordinator for multiple IPEDS surveys

Key holder

Is this your ideal role?
